LANDGLIDE

Explore maps of the US with overlaid parcel boundaries and attributes of over 146 million properties in 2914 U.S. counties covering over 97% of U.S. population.

Hover over a property to instantly discover details, including owner, address, and APN. Simply tap any property's description to display even more parcel attributes, such as acreage, market value, and land use code, where available. Search Real Estate Portal USA's national parcel dataset using owner, address, or APN keywords.

Track your location in real time over property boundary lines using your device's GPS. Drop pins on the map to save your favorite locations, add notes and export for further analysis.

ROADWARRIOR ROUTE PLANNER

Create reliable multi-destination routes with RoadWarrior's route planner that accounts for real-time traffic, client availability, and your schedule.

Designed for the traveling and driving professional, RoadWarrior makes it easy for you to map out a daily route, prioritize your deliveries based on location, and schedule stops with the more efficient routes.

The RoadWarrior community includes everyone from professional couriers like FedEx, UPS, and DHL drivers to sales representatives, realtors, insurance agents, delivery drivers, and even small businesses.

WAZE NAVIGATION & LIVE TRAFFIC

TurboScan turns your iPhone into a full-featured and powerful scanner for documents, receipts, books, photos, whiteboards, and other text. Using just your iPhone or iPad, you can quickly scan your multipage documents in high quality PDFs or JPEGs, name, store and send them anywhere.

TurboScan uses advanced fast algorithms to accurately detect document edges, straighten them (correct perspective), eliminate shadows and set a perfect contrast for text - black on white. Color and photo modes are also available. TurboScan also offers SureScan, our proprietary scanning mode for sharper scans (especially useful in low-light conditions.)
